CREAM CLEANER

FEATURES & APPLICATIONS

Unico Cream Cleaner is a powerful kitchen and bathroom cleaner. Cream Cleaner has both commercial and institutional applications. Cream Cleaner will remove stubborn marks and stains without scratching enamel or stainless steel leaving a fresh lemon fragrance.

In kitchens, Cream Cleaner will clean sinks, cookers and hobs. Cream Cleaner will also remove dried, baked or burned-on marks and stains. In washrooms, Cream Cleaner will clean sinks, baths, toilets and tiled areas and is excellent for removing scale and scum rings.

Caution: Do not use on plastic surfaces.

APPLICATION DETAILS

Task	Maximum Dilution	How To Use	
Cleaning sinks, baths, enamel cookers, hobs, stainless steel, laminates.	Use undiluted.	Apply to damp cloth, then rub lightly over surface. Rinse thoroughly with fresh water.	
Removing stubborn marks.	Use undiluted.	Pour directly onto mark, then rub with a cloth. Rinse thoroughly with fresh water.	

()
	PRODUCT AND PAC	AGING INFORMATION	
	Appearance & Odour:	White viscous cream with fresh lemon fragrance.	
	Chemical Description:	An aqueous suspension of surfactants, alkaline builder, perfume and preservative.	
	Packaging:	6 X 900gm.	
	Shelf Life:	2 years.	/

ENVIRONMENTAL INFORMATION

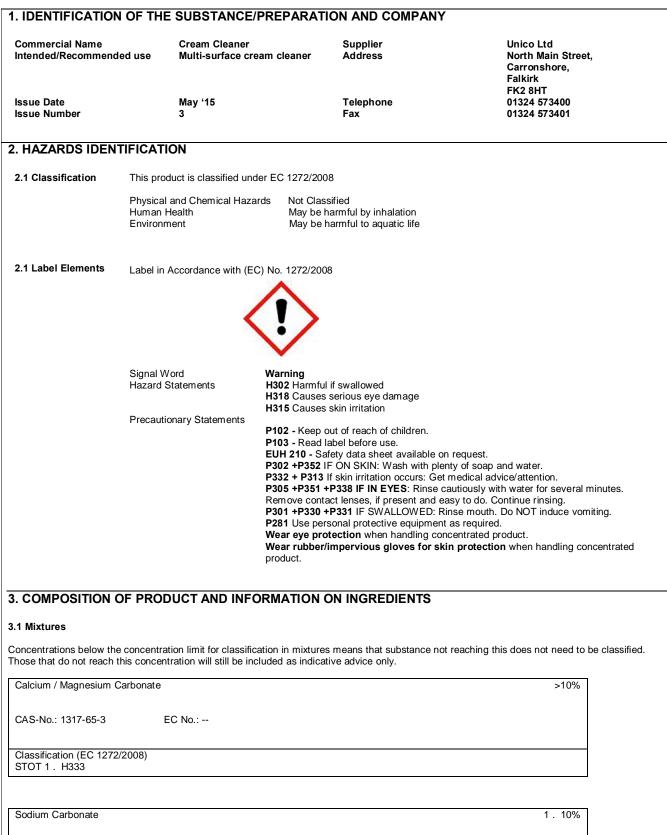

General Information: This product is expected to have very little ecological impact.

Environmental Checklist:

Biodegradable detergents	Yes	CFC free	Yes	Solvent free	Yes	
Phosphate free	Yes	Acid/alkali free	No	Free of dyes/perfumes	No	
Recyclable packaging	Yes	Biodegradable container:	No	Biodegradable outer box	Yes

5.2 Special hazards arising from the substance or mixtur	Fumes may contain poisonous oxides of carbon and nitrogen (CO _x & NO _x) if affected by fire.			
5.3 Advice for firefighters	Use appropriate extinguishing media for fires in the area. Firefighters should wear self-contained breathing apparatus if heat generated breakdown products are likely to be present			
6. ACCIDENTAL RELEASE MEASURES				
6.1 Personal precautions, protective equipment and eme	rgency procedures			
Wear protective clothing and eyeshields. Ventilate the area.				
6.2 Environmental Precautions				
Avoid spillage into surface water drains, soil / subsoil or vege	atation.			
6.3 Methods and material for containment and cleaning u	ιρ			
	Id contaminate a water source or vegetation. In which case either collect, dilute as o dry sand or similar material and dispose of safely as commercial waste.			
7.HANDLING AND STORAGE				
7.1 Handling Take care when dispensing pro eyes. Do not mix with any oth	oduct from container and assure adequate ventilation. Avoid contact with skin and er chemicals.			
7.2 Storage Store upright in original contain	ners in a cool dry area out of the reach of children.			
7.3 Specific end use(s) Use only as directed by the from	nt page of this document and the product label

11. TOXICOLOGICAL INFORMATION				
11.1 Information on toxicological effects				

We have not carried out any animal testing for this product. Any ATE figures quoted below are from Toxicity Classifications that have been carried out using ATE (Acute Toxicity Estimate) Calculation Method using LD50 or ATE figures provided by the Raw Material Manufacturer.

Consideration is only given to components with greater than 1% based on the product formulation and those with a listed exposure limit in Section 8.

Acute Toxicity - Irritant & damaging to tissue and eyes

Component	LD-50, Oral,	LD-50, Skin	LC-50	Chronic Consideration
	mg/kg	mg/kg	(Inhalation)	
Calcium / Magnesium Carbonate	500 (rat)		-	None known other that trace Silica (Silicosis)
Sodium Carbonate	4090 (rat)			None known
Alkyl Aryl Sulphonate	300-2000 (rat)	>2000		None known
Alkyl Ether Sulphate	7400 (rat)	>2000 (rat)		None known
Alcohol Ethoxylate	1400 (rat)	>5000 (rat)		None known
Non ionic surfactant	>2000 (rat)	>5000 (rabbit)		None known

Chronic Toxicity

Carcinogenicity	There are no known carcinogenic chemicals in this product
Sensitization	No information available.
Mutagenic Effects	No information available
Reproductive Effects	No information available.
Developmental Effects	No information available.
Target Organs	Vital organs through ingestion
Endocrine Disruptor Info.	No information available.
Other Adverse Effects	The toxicological properties have not been fully investigated. See actual entry in RTECS for complete information

12. ECOLOGICAL INFORMATION

12.1 Toxicity Ecotoxicity effects

Component	Toxicity to Fish LC-50, mg/l	Exposure Time, Hrs	Comments
Calcium / Magnesium Carbonate			No evidence available
Sodium Carbonate	300 (fish)	96	
Alkyl Aryl Sulphonate	10.8 (fish)	96	
Alkyl Ether Sulphate	15mg/l (Oncorhynchus mykiss)	96	
Alcohol Ethoxylate	8.5 (Pimephales promelas)	96	
Non-ionic surfactant	28 (fish)	96	

12.3 Bioaccumulation Potent	ial With the current information available, when used for its intended purpose this product will not cause adverse effects in the environment.
12.4 Mobility in soil	No information available
12.5 Aquatic Toxicity	With the current information available, this is judged to be low at the dilutions that exist.
12.6 Other adverse effects	No information available
13. DISPOSAL CONSIDE	RATIONS

13.1. Waste treatment methods

Discharge used working solutions to drain is acceptable in small amounts due to the dilution of running water. Small amounts (less than 1 Litre)

PRODUCT SAFETY DATA SHEET

of unwanted concentrated product may be flushed with water to sewer with at least 15 minutes of running water.

Larger volumes of the concentrated product must be sent for disposal using a licensed waste disposal contractor.

Rinse out empty container with water and consign to normal waste.

14. TRANSPORT

Not regulated for Transport with current knowledge

15. REGULATORY INFORMATION

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

EU legislation

Safety Data Sheet prepared in accordance with REACH Commission Regulation (EU) No 453/2010 (which amends Regulation (EC) No 1907/2006). The product is as classified under GHS/CLP- Regulation (EC) No 1272/2008 classification, labelling & packaging of substances & mixtures. Ingredients are listed with classification GHS/CLP- Regulation (EC) No 1272/2008 classification, labelling & packaging of substances & mixtures.

Guidance

Workplace Exposure Limits EH40.

The National Institute for Occupational Safety and Health (NIOSH) register of Immediately Dangerous to Life or Health Concentrations (IDLH)

16. OTHER INFORMATION

This product does not require any special training before use. Usage and handling instructions are mentioned on packaging and on the first page of this Safety Data Sheet .This health and safety information refers to the concentrated product and has been prepared assuming the intended described use is adhered to. Any unusual or novel use of this product is done without being assessed for the impact nor is it part of the considerations in this document.

Diluted solutions can be considered to be significantly less hazardous although they should always be handled with care.
